a comprehensive overview of the interdisciplinary field of women s and gender studies featuring original contributions from leading experts from around the world the companion to women s and gender studies is a comprehensive resource for students and scholars alike exploring the central concepts theories themes debates and events in this dynamic field contributions from leading scholars and researchers cover a wide range of topics while providing diverse international postcolonial intersectional and interdisciplinary insights in depth yet accessible chapters discuss the social construction and reproduction of gender and inequalities in various cultural social economic and political contexts thematically organized chapters explore the development of women s and gender studies as an academic discipline changes in the field research directions and significant scholarship in specific interrelated disciplines such as science health psychology and economics original essays offer fresh perspectives on the mechanisms by which gender intersects with other systems of power and privilege the relation of androcentric approaches to science and gender bias in research how feminist activists use media to challenge misrepresentations and inequalities disparity between men and women in the labor market how social movements continue to change women s and gender studies and more filling a significant gap in contemporary literature in the field this volume features a broad interdisciplinary and international range of essays engages with both individual and collective approaches to agency and resistance addresses topics of intense current interest and debate such as transgender movements gender based violence and gender discrimination policy includes an overview of shifts in naming theoretical approaches and central topics in contemporary women s and gender studies companion to women s and gender studies is an ideal text for instructors teaching courses in gender sexuality and feminist studies or related disciplines such as psychology history education political science sociology and cultural studies as well as practitioners and policy makers working on issues related to gender and sexuality

this breathtakingly broad interdisciplinary reader demonstrates how widely feminist thinking has spread how deeply it has shaken settled assumptions in the disciplines and how much new light it

throws on contemporary controversies myra marx ferree university of wisconsin madison a timely intervention and highly engaged thoughtful and scholarly analysis of the state of gender and women's studies in the west by three eminent feminist scholars highly cognisant of the central issues that have fractured blocked and enhanced western feminism bev skeggs goldsmiths the comprehensiveness and the interdisciplinary range of themes are impressive and they make the handbook into a wonderful tool for teachers and students of women's and gender studies nina lykke linkoeping university gender and women's studies is one of the most challenging fields within the social sciences the dynamics of gender relations and the social and cultural implications of gender constructions offer a lively forum of debate the handbook of gender and women's studies presents a comprehensive and engaging review of the most recent developments within the field including the study of masculinity the feminist implications of postmodernism the cultural turn and globalization the authors review current research and offer critical analyses of women's and gender studies in work the welfare state family education religion violence and war and feminist global politics edited by three leading academics from europe and the united states and with 25 chapters written by scholars based throughout the world the handbook situates the most important debates in the field within a uniquely international and interdisciplinary context the handbook is a useful introduction to gender theory and an exciting starting point for fresh debates

this study of gender in society includes essays on women in politics history and the workplace examples are context is all feminism and theories of citizenship and prescriptions for professional survival includes bibliographical references

currently women's and gender studies programs exist in many countries around the world it is a crucial task for the future of this still emerging discipline to enhance international communication and cooperation between study programs students scholars activists and professionals if we consider the ideals and concepts of emancipation and participation as core principles of women's and gender studies then our global networking requires systematic inclusion of non-western perspectives at all levels of research teaching and curriculum development the international conference societies in transition challenges to women's and gender studies held at carl von ossietzky universität oldenburg germany from june 28 through july 1 2001 was intended as a step in this direction bringing together speakers all represented in this book from a variety of

countries poland and hungary great britain and new zealand india and nepal south africa jordan turkey and yemen although this list might at first appear arbitrary its composition was both carefully and intentionally constructed as organizers we knew that a comparatively small conference could not entertain a fully inclusive representation of women's and gender studies programs worldwide

introduction to women's gender sexuality studies interdisciplinary and intersectional approaches second edition reflects the exciting changes taking place in this field emphasizing both interdisciplinarity and intersectionality this innovative mix of anthology and textbook includes key primary historical sources debates on contemporary issues and recent work in science technology and digital cultures readings from a range of genres including poetry short stories op eds and feminist magazine articles complement the scholarly selections and acknowledge the roots of creative and personal expression in the field while the majority of selections are foundational texts the book also integrates new work from established scholars and emerging voices to expand current debates in the field the text is enhanced by thorough overviews that begin each section robust and engaging pedagogy that encourages students to think critically and self reflexively and also to take action as well as supplemental online resources for instructors publisher

women gender and sexuality in china a brief history serves as a focal textbook for undergraduate courses on women gender and sexuality in chinese history thematically structured it surveys important aspects of gender systems and gender practices throughout chinese history from the earliest period to the modern era topics include the concept of yin yang life course and gender roles kinship systems and family structure marriage practices sexuality women's work and daily life as well as gender in chinese mythology religions medicine art and literature in narrating how various traditions and practices were formed and evolved throughout chinese history this textbook draws heavily on personal stories and historical records features in this textbook include primary source sections for each chapter introducing students to types of documents that have been used by scholars in conducting research thirty three translated texts of various genres including epitaph bronze inscription medical text imperial edict legal case family letter ghost story divorce paper poetry autobiography etc dedicated biography sections for five distinguished women offering richly layered accounts of women gender and sexuality this textbook is essential reading for students of

chinese history gender in world history or the comparative history of gender

this is an interdisciplinary core text for the introductory course in women s gender and sexuality studies this text is designed to appeal to instructors who come from a broad range of disciplinary perspectives such as english history psychology philosophy and communication all of the chapters feature concepts from a variety of disciplines and the thematic organization of the text moves beyond the standard sociological chapters an outstanding feature of this text is that it is written for introduction to gender studies courses as opposed to introduction to women s studies this follows a recent trend in this discipline and there is no other book like it on the market

the women gender and development reader ii is the definitive volume of literature dedicated to women in the development process now in a fully revised second edition the editors expertly present the impacts of social political and economic change by reviewing such topical issues as migration persistent structural discrimination the global recession and climate change approached from a multidisciplinary perspective the theoretical debates are vividly illustrated by an array of global case studies this now classic book has been designed as a comprehensive reader presenting the best of the now vast body of literature the book is divided into five parts incorporating readings from the leading experts and authorities in each field the result is a unique and extensive discussion a guide to the evolution of the field and a vital point of reference for those studying or with a keen interest in women in the development process

this book endeavours to take the conceptualisation of the relationship between transnational remittance exchanges and gender to a new level thus inevitably it provides a number of case studies of relationships between gender and remittances from around the world highlighting different processes and practises thereby the authors seek to understand the impact of remittances on gender and gender relations both at the sending as well as at the receiving end for each case study authors ask how remittances affect gender identities and relationships but also vice versa by itself this already adds a wealth of insights to a field that is remarkably understudied despite a volume of studies on gender and the feminization of migration in developing contexts chapters take an open explorative approach to the relationship between gender and remittance behaviour with the aid of case studies focusing on transnational flows between migrants and

countries of origin with the wide variety of cases this book is able to provide conceptual insights to better understand how remittances affect gender identity roles and relations at both the receiving and sending end and give specific attention to the roles of various actors directly and indirectly involved in remittance sending in current collectively organized remittance schemes from around the world

introduction to women s and gender studies an interdisciplinary approach third edition is a truly interdisciplinary and intersectional text featuring global examples for women s gender and sexuality studies its student centered rhetorical approach and pedagogical features including an engaging image program prompts for activism a comprehensive glossary appendices of key terms annotated bibliographies for additional reading and feminisms in brief aid students in assimilating fundamental women s and gender studies terms and concepts while it is a textbook and not an anthology introduction to women s and gender studies adopts the best facets of the anthology approach it includes discussions of frequently anthologized writers and writing that is more engaging and narrative in style than traditional textbooks the book systematically covers core interdisciplinary concepts so that students are prepared for women s and gender studies courses in a variety of disciplines

between 1700 and 1830 men and women in the english speaking territories framing the atlantic gained unprecedented access to material things the british atlantic was an empire of goods held together not just by political authority and a common language but by a shared material culture nourished by constant flows of commodities diets expanded to include exotic luxuries such as tea and sugar the fruits of mercantile and colonial expansion homes were furnished with novel goods like clocks and earthenware teapots the products of british industrial ingenuity this groundbreaking book compares these developments in britain and north america bringing together a multi disciplinary group of scholars to consider basic questions about women men and objects in these regions in asking who did the shopping how things were used and why they became the subject of political dispute the essays show the profound significance of everyday objects in the eighteenth century atlantic world

women gender and politics brings together both classic and recent readings on central topics in

the study of gender and politics and places an emphasis on comparing developed and developing countries genuinely international in its focus the book is divided into six sections to reflect the range of research in the subfield 1 women and social movements 2 women and political parties 3 women gender and elections 4 women gender and political representation 5 women gender and social policies and 6 women gender and the state each section serves as an introduction to general trends in thinking about women and politics and the readings capture the ways that research has developed both thematically and chronologically in all of the six broad areas the volume s innovative design global approach and comprehensive coverage make it an ideal teaching book and a valuable resource for students and scholars throughout the world

this collection of essays by authorities in the field from the usa russia and western europe focuses on the social history and culture both of noblewomen and of lower class women about whom relatively little is currently known much of the research is based on women s own evidence and on archival documents the volume opens with a survey of research in this area and with discussions of male constructions of femininity at the beginning and end of the century women s culture is explored through women s own accounts of their education and studies of their letters and literary works particular attention is paid to the direction of their reading by mentors and to the journals provided for women by male writers special topics include dress and cosmetics arrangements for the defence of privacy dowries and irregular marital unions three essays uncover evidence about the lives of lower class women their involvement with the courts and their experience of employment

environmental history has traditionally told the story of man and nature scholars have too frequently overlooked the ways in which their predominantly male subjects have themselves been shaped by gender seeing nature through gender here reintroduces gender as a meaningful category of analysis for environmental history showing how women s actions desires and choices have shaped the world and seeing men as gendered actors as well in thirteen essays that show how gendered ideas have shaped the ways in which people have represented experienced and consumed their world virginia scharff and her coauthors explore interactions between gender and environment in history ranging from colonial borderlands to transnational boundaries from mountaintop to marketplace they focus on historical representations of humans and nature on questions about consumption on

environmental politics and on the complex reciprocal relations among human bodies and changing landscapes they also challenge the ecofeminist position by challenging the notion that men and women are essentially different creatures with biologically different destinies each article shows how a person or group of people in history have understood nature in gendered terms and acted accordingly often with dire consequences for other people and organisms here are considerations of the ways we study sexuality among birds of william byrd s masking sexual encounters in his account of an eighteenth century expedition of how the ecology of fire in a changing built environment has reshaped firefighters own gendered identities some are playful as in a piece on the evolution of snow bunnies to shred betties others are dead serious as in a chilling portrait of how endocrine disrupters are reinventing humans animals and water systems from the cellular level out aiding and adding significantly to the enterprise of environmental history seeing nature through gender bridges gender history and environmental history in unexpected ways to show us how the natural world can remake the gendered patterns we ve engraved on ourselves and on the planet

new readings offer insights into the opportunities and limitations offered by cyberspace ideas of domesticity and the public private split within politics and culture other topics include women s health disability citizenship and nationalism

at a time where after decades of progress in gender and sexual rights people in many parts of the world are facing new forms of resistance and opposition to gender equality this timely publication confirms the continuing importance and relevance of gender and women s studies the fifth edition of this best selling textbook provides a comprehensive overview of key issues and debates in gender and feminist theory with fully revised chapters written by specialists across a range of core topics including sexuality race bodies family masculinity methodologies and migration this clearly written but rigorous collection examines contemporary debates and provides helpful examples and questions to consider furthermore it continues to reflect the shift from women s studies to gender studies incorporating coverage of masculinity throughout as well as discussing live debates such as around global activism transgender rights and the environment it continues to be an indispensable resource for students academics and anyone interested in this lively field new to this edition a new chapter on gender and migration expanded discussion of transgender rights as well as masculinity studies brings seven new contributors to the collection with newly authored

chapters on gender and environment gender and education gender and sexuality and gender and race fully revised and updated with new material and new case examples greater attention to intersectional approaches and international reach

seminar paper from the year 2015 in the subject communications movies and television grade 2 3 lmu munich language english abstract if we look behind the sparkling stars and memorizing magic that is disney we might see that these disney princesses are not the best role models for children therefore this research paper aims at showing these role models in disney movies and give an awareness of problems they bring with them how can they tell if i am male or female this last line of the ballad of mulan shows that the gender question was already raised in the 6th century this research aims at analyzing the representation of females in walt disney movies the appearance and intelligence helplessness and the need of protection and domestication before doing so there has to be a definition what gender role is in general but also in disney movies
