providing a guide to the ideas arguments and history of the discipline this volume discusses human social and cultural life in all its diversity and difference theory ethnography and history are combined in over 230 entries on topics

cultural anthropology global forces local lives presents all the key areas of cultural anthropology as well as providing original and nuanced coverage of current and cutting edge topics an exceptionally clear and readable introduction it helps students understand the application of anthropological concepts to the contemporary world and everyday life thorough treatment is given throughout the text to issues such as globalization colonialism ethnicity nationalism neoliberalism and the state changes for the third edition include a brand new chapter on medical anthropology and an updated range of cases studies with a fresh thematic focus on china the book contains a number of features to support student learning including a wealth of color images definitions of key terms and further reading suggestions in the margins summaries at the end of every chapter an extensive glossary bibliography and index

anthropological literature has traditionally been static and synchronic only occasionally according a role to historical processes but recent years have seen a burgeoning exchange between anthropology and history each field taking on a powerful new dimension in consequence just what this means for anthropologists has not been clear and this collection eight core papers plus introduction and final commentary introduces focus and direction to this interface between anthropology challenges several basic assumptions long held by anthropologists researchers can no longer be satisfied with approaches epitomized in the ethnographic present society may be a bounded entity but culture cannot be treated as such a culture should be examined as it has interacted with other cultures and with its environment over time many traditionalists in anthropology faced with these disturbing new challenges fear the disintegration of the discipline but these thoughtful papers demonstrate on the contrary its vitality growth and promise in this volume major figures in symbolic semiotic anthropology offer various approaches to examining culture through time culture mediated by history and history mediated by culture in its complexity and dynamics the eight core papers focus on particular cultures

in various locales hawaii nepal spain japan israel india and indonesia no artificial unity theoretical thematic or epistemological has been imposed the strength of the volume derives from a complementary diversity and tension as each player drawing on a particular culture offers an original way of penetrating that culture s historical dimensions

the most exciting thing about anthropology is that it enables the student to become acquainted with people of different cultures the tapestry of culture provides the student with the basic concepts necessary to understand these different cultures while showing that cultural variations occur within certain limits though the forces of globalization have caused cultures of the world around us to become increasingly similar the book shows that people nevertheless cling to ethnic identities and their cultural distinctiveness

on cultural anthropology

in recent decades international development has grown into a world shaping industry but how do aid agencies work and what do they achieve how does aid appear to those who receive it and why has there been so little improvement in the position of the poor viewing aid and development from anthropological perspectives gives illuminating answers to questions such as these this essential textbook reveals anthropologists often surprising findings and details ethnographic case studies on the cultures of development the authors use a fertile literature to examine the socio political organisation of aid communities agencies and networks as well as the judgements they make about each other exploring the spaces between policy and practice success and failure the future and the past this book provides a rounded understanding of development work that suggests new moral and political possibilities for an increasingly globalised world

the great anthropologist s classic treatise on race and culture one of the most influential books of the century now available in a value priced edition introduction by ruth bunzel

annual record for 1874 78 contains select works on science published during 1874 78

includes section book reviews
